

Risk Assessment Roadmap in Transition from Covid-19 Level 4 (Severe) to Level 3 (Substantial) restrictions

Date: 04/08/2020 Issue Ref: Rev.07 - This document might change from time to time, please check on a regular basis, recommended before visiting site Author : John Butler Update Schedule : Monthly

The following is a Summary of Risk Assessments required by SASC to allow us to come out of the current lockdown closed status .

Note:

Members are responsible for their own actions and visiting the club is the members decision and at the members own risk Our overriding goal is to keep all members safe and protect those others around them including other members & the public At all times the Government and RYA requirements/advice is to be adhered to or sought. This document has been reviewed in line with government restrictions and RYA advice at the time of publication

Overview of HM Government Alert Status Categories	
Level 5 - Critical	SASC Closed - Total Lockdown
Level 4 - Severe	SASC Closed - No Access for members to visit club
Level 3 - Substantial	SASC Restricted social sailing activities. Gatherings restricted
Level 2 - Moderate	SASC Restart limited racing but with restrictions
Level 1- Low	SASC Return to normal operating plan

Please contact the Commodore with any questions or feedback

Item	Activities	Risk Assessments & Operating Procedures Required		
		Risk of:	Mitigation	Actions
When anticipated	HM Government relaxes restrictions at Alert Level 3 (from 04/07/2020)			

Visiting SASC	Open on Designated Sailing Days with social distancing and hygiene restrictions	Virus contamination or accident on route to and from site	Members' choice to visit or not. Members' personal risk	No further action
		Contamination from contact with the barrier gate bolt and lock	Cleansing regime to be observed by all members accessing the compound. On designated sailing days, only the designated SASC Officer of The Day to open/lock the ADC Barrier & SASC Gates.	Members & OOD to clean down padlocks & gate/barrier components immediately after with anti-bacterial spray with paper towels or anti-bacterial wipes and immediately use hand sanitizer afterwards
		Virus contamination or accident whilst on site	Members' choice to visit or not. Members' personal risk	First Aid Box in Changing Room Lobby Covid PPE on site only in Rescue Boat
		Virus spread due to number of people on site	Club open to members only, and within the started maximum safe number of members in the compound at any one time being 30 people	Members to ensure no visitors enter site Members must ensure access gate is monitored at all times
		Contamination in car / dinghy park	Members to park away from other vehicles allowing for the social distancing rules, and to follow Government recommendations on personal care, handwashing, face coverings to be used all times	Members to be vigilant and take sensible precautions
		Contamination from social groups, contact with surfaces and extended use of the club	No camping. Use of the benches & tables limited and requiring social distancing and cleansing protocols	Members to be vigilant and take sensible precautions
		Contamination from socialising in groups	Small gatherings only allowed in groups of 6 persons outside their household or someone in their "Social Bubble". Social distancing to be maintained at all times, to be monitored by the OOD & Assistant	The club will not permit any gatherings of more than 6 persons in social groups, e.g.on the Patio, Grass, Dinghy Park or launching/recovery areas No spectators unless part of a Family group

Item	Activities	Risk Assessments & Operating Procedures Required		
When anticipated	HM Government relaxes restrictions at Alert Level 3 (from 04/07/2020)	Risk of:	Mitigation	Actions
Officer of the Day	Required for the whole Sailing Day	Contamination from social groups, contact with surfaces and extended use of the club	Single Point Authority of a Responsible Person to deal with issues as they arise on designated Sailing Days	Opening and closing access to the club and the sailing session Maintaining adequate safety & dealing with non-compliance
Cleaning of Surfaces	Required at Start and End of Day	Controlling cross contamination	Toilet areas are to be cleaned thoroughly with an approved disinfectant by the cleaner on a weekly basis, OOD to check for cleanliness at the start and end of each designated Sailing Day	A cleaner/member wearing PPE (protective gloves, face mask, long arm gauntlets to undertake cleaning)
Dinghy Compound	Open all days with social distancing and hygiene restrictions	Contamination from contact with the access barrier and entrance gates bolt and lock	Cleansing regime to be observed by all members accessing the compound. On designated sailing days, only the designated SASC Officer of The Day to open/lock the ADC Barrier & SASC Gates. Members to treat these touch points as contaminated and take personal action to reduce potential for cross contamination.	Members & OOD to clean down padlocks & gate/barrier components immediately after with anti-bacterial spray with paper towels or anti-bacterial wipes and immediately use hand sanitizer afterwards Follow advice about regular hand washing
		Contamination from maintenance tools, i.e. Strimmers etc.	Members to treat touch point as contaminated and take personal action to reduce potential for cross contamination. Club provide Disinfectant surface cleaner for application to all touch points before and after use	Recommend use gloved hands and/or own hand sanitiser for personal protection Provide Disinfectant local to tools storage (Ladies Changing Room) already in place. Check availability on a regular basis
		Disinfectant's ineffectiveness	Has the disinfectant we use been indicated as effective for Corona style viruses by the manufacturer?. There is limited scientific proof and commitment. Therefore the disinfectant is not to be relied upon on its own and to be used in addition to members own personal protection	Advise members that the disinfectant is there for their use but not to be considered the only protective action they should use. Recommend members follow government advice on hand cleaning etc as if the surface they are touching is still contaminated
		Contamination directly from other individuals on site	Members to follow Government recommendations on personal care, i.e. Social Distancing, Hand hygiene etc. to be adhered to	Members to be vigilant
		Virus spread due to excessive number of people on site	Club open to members only If compound etc. is becoming crowded, not allowing for social distancing, ask some people to leave site or ultimately close the club for the day	Members to ensure no visitors enter site Members must ensure access gate is closed behind them at all times Members to apply common sense for social distancing

Item	Activities	Risk Assessments & Operating Procedures Required		
When anticipated	HM Government relaxes restrictions at Alert Level 3 (from 04/07/2020)	Risk of:	Mitigation	Actions
Launching & Recovery	Launching & Recovery on slipway and pontoons close to the General Public using launching trollies	Contamination directly from other individuals in the proximity and cross contamination from hard surfaces such as trolley handles	OOD & Assistant to monitor 2 metre Social Distancing between members of the club, and also with the General Public in the vicinity Only Members to handle trollies	Pro-active monitoring by the OOD & Assistant
Clubhouse	Closed	Controlling cross contamination and social distancing	All Members can access observing social distancing measures, use of face coverings and surface contact transmission mitigation measures but no access to bar or kitchen Only OOD to open/close on designated sailing days to gain access to keys and equipment	First Aid Box to be moved to Changing Room Access Lobby in an obvious location on the wall. Only OOD to open/close on designated sailing days to gain access to keys and equipment Only OOD/Assistant can access to obtain bar stock for sale externally on the Patio
Toilets (accessed through barriered off Changing Room Area)	Open on Designated Sailing Days with social distancing and hygiene restrictions Open for 1 person at a time. First Aid Box to be moved to Toilet Lobby Hand Sanitising Station to be provided in/outside Changing Room Lobby area	Cross contamination directly from other members	Members to follow recommendations on personal care, i.e. Social Distancing, Hand hygiene etc. Face covering to be worn whilst inside the toilets at all times Minimise risk by 1 person in toilets at a time	Members to be vigilant and observe established protocols for Hygiene & Cleanliness
	All surfaces/handles etc. to be cleaned by user with disinfectant on leaving toilet	Contamination from contact with handles and surfaces	Members to treat all touch points as contaminated and take personal action to reduce potential for cross contamination.	Provide surface disinfectant in toilets and on outside of exit doors, (already in place) Check availability on a regular basis
	Unsatisfactory Cleaning & Disinfection	Disinfectant's ineffectiveness	The disinfectant we use has been indicated as effective for Corona style viruses by the manufacturer. However there is limited scientific proof and commitment. Therefore the disinfectant is not to be relied upon on its own and to be used in addition to members own personal protection	Advise members that the disinfectant is there for their use but not to be considered the only protective product and to be used in addition to members personal protective products. Recommend members follow government advice on hand cleaning etc as if the surface they are touching is still contaminated
Cleaner	Weekly Clean of Facilities	Contamination from contact with handles and surfaces	Issue specific Risk Assessment and special PPE	Communicate procedures and induct in procedures to be undertaken

Item	Activities	Risk Assessments & Operating Procedures Required		
When anticipated	HM Government relaxes restrictions at Alert Level 3 (from 04/07/2020)	Risk of:	Mitigation	Actions
Changing Rooms	Closed	Controlling cross contamination and social distancing	Keep closed	Members to change off-site or in the car park in a considerate/discrete manner
Galley	Closed	Controlling cross contamination and social distancing	Keep closed	No further action
Bar	Closed	Controlling cross contamination and social distancing	Keep closed	No further action
Social Sailing (in winds up to 15 knots average)	Yes - adhering to social distancing & hygiene requirements At members own risk A minimum 5 metre long painter to be attached to the bow of all boats sailing at all times for use in case of a "towed" recovery being needed	Cross contamination from others in the boat park, on the water, and during launching and recovery.	Members' choice to go on the water at their own personal risk Members to use own equipment and not allow anybody else to touch it Members to follow requirement for 2 metre social distancing which is to be adhered to at all times when not using face coverings Singlehanders must be capable of launching/recovery unaided. Doublehanders can only be sailed with both members being part of a	Members to be vigilant and observe established protocols for Hygiene & Cleanliness
	The sailing session will only be possible if a qualified volunteer driver is available to crew the safety boat	Inadequate Safety Cover	On designated sailing days there will be safety boat cover on site as long as a qualified driver is available. Members must only go on the water if they are comfortable with the conditions and capable of looking after themselves within the restrictions of social distancing. Use of a masthead float is recommended, and compulsory for Juniors	Members to be capable of sailing in the prevailing conditions A minimum 5 metre long painter to be attached to the bow of all boats sailing at all times for use in case of a "towed" recovery being needed
Junior Sailing (in winds up to 15 knots)	A parent of the Junior Sailor must be in attendance at all times to Rig/De-Rig, and assist with launching and recovery	Cross contamination from others in the boat park, on the water, and during launching and recovery. Need for close quarters safety boat rescue due to inexperience	All Junior to observe Social Sailing controls above and in addition :- A parent of the Junior Sailor must be in attendance at all times to Rig/De-Rig, and assist with launching and recovery Only sail when the average in wind speed is 10 knots or less. Use of a masthead float is compulsory for Juniors	Junior Sailors to be capable of sailing in the prevailing conditions Masthead Flotation device is a compulsory requirement A minimum 5 metre long painter to be attached to the bow of all boats sailing at all times for use in case of a "towed" recovery being needed
Free Sailing without Safety Boat	Closed – Not Allowed	Non-sanctioned Emergency Rescue response	Keep closed/unavailable	There will be no safety boat cover on site

Item	Activities	Risk Assessments & Operating Procedures Required		
When anticipated	HM Government relaxes restrictions at Alert Level 3 (from 04/07/2020)	Risk of:	Mitigation	Actions
Boat Launching & Recovery on Slipways	Sailors must be capable of launching and recovery unaided	Controlling cross contamination and breaches of social distancing	Use of a minimum 5 metre long painter Doublehanders only allowed to launch if part of a co-habiting family or "defined social bubble"	Use of a minimum 5 metre long painter would allow a sailor to gain assistance if they found it impossible to recover their dinghy unaided
Use of Pontoons / Jetties	Only two persons to be on the jetty at any time, unless from the same co-habiting family	Controlling cross contamination and breaches of social distancing	Notice signs to be placed on the shore at the entrance onto of each Pontoon Only two sailors, or four if part of a co-habiting family or "defined social bubble" allowed onto each pontoon at a time	Notice Signs to be created and Displayed
Safety Boat (only on designated sailing days)	Only if a qualified volunteer driver is available to crew the safety boat Double crewing only possible with both members wearing face coverings, maintaining 1 metre social distancing & cleansing of contact surfaces	Controlling cross contamination and breaches of social distancing	On designated sailing days there will be safety boat cover on site as long as a qualified driver is available, with the Assistant to act as crew in a life-threatening emergency. Members must only go on the water if they are comfortable with the conditions and capable of looking after themselves	Members must only go on the water if they are comfortable with the conditions and capable of looking after themselves within the restrictions of social distancing if requiring to be rescued.
Use of Club Boats	Available for Use by Members with Restrictions in place	Controlling cross contamination and breaches of social distancing	Boats to be used by only one person/co-habiting family/Social Bubble members per Sailing Day and only on Sundays & Wednesday evenings to allow 36 hours between uses to mitigate surface transmission of the virus	No further action
Social Meetings & Gatherings outside on the Patio Area	Yes (Up to 6 persons in a group - Government advice) At members' risk	Controlling cross contamination and breaches of social distancing	Use of External Tables & Benches subject to persons using face coverings when sitting together unless part of the same co-habiting family or a "social bubble" Members to bring and take away their own folding chairs and tables if necessary	Members to be vigilant OOD/Assistant to monitor for compliance
Social Meetings & Gatherings inside the Clubhouse	No	Controlling cross contamination and breaches of social distancing	Keep closed/unavailable	No further action
Club Racing	Yes – Simple Pursuit racing with staggered start times	Controlling cross contamination and breaches of social distancing	Keep closed/unavailable	Observe protocols on the slipway and on the pontoons

Junior Coaching & Racing	Juniors racing allowed with main fleet	Controlling cross contamination and breaches of social distancing	No Training – but Juniors allowed to participate in racing as long as conditions allow	OOD to assess their capability & prevailing conditions and have the final say
--------------------------	--	---	--	---

Item	Activities	Risk Assessments & Operating Procedures Required		
When anticipated	HM Government relaxes restrictions at Alert Level 3 (from 04/07/2020)	Risk of:	Mitigation	Actions

Start Hut & Platform area	Access required for conducting simple pursuit racing	Controlling cross contamination and breaches of social distancing	Only the designated OOD/Race Officer allowed in Start Box, on raised balcony or steps to minimise touch points.	Wipe down computer before and after use. Wipe down all surfaces and equipment used – bench, starter hooter, chair, door and window handles, course board and course markers, plug sockets. Leave door open to minimise touch points and aid ventilation. Sound signals only to be used, no flags. Give verbal or written instructions (to be posted alongside course board) for start times. No more than one member to view board at any one time, all other competitors to maintain 2 metre social distancing. Signing on sheet: Race Officer to register competitors and sign on their behalf, with verbal
Rigging in Compound, Launching & Recovery, and Use of pontoons during periods of Racing	Simple Pursuit Racing with staggered start times	Controlling cross contamination and breaches of social distancing	Observation of Protocols by Participating Members reinforced by briefings (at a Social Distance) by the OOD near the Start Box	Rigging in compound to be in observance of 2 metre social distancing. Encourage members to use foreshore as well as pontoons for leaving and returning points (reduces pinch point on pontoons) where weather conditions allow. Stagger launching depending on start times, (slowest boat first). Competitors should launch and leave jetty/foreshore as quickly as possible and proceed to starting area, (between 9 and start box) while maintaining social distancing.
Safety Boat Cleansing Regime	Cleansing of Safety Boat when multiple drivers are used in a one-day session Cleansing of Safety Boat when less than 36 hours has elapsed between uses.	Controlling cross contamination	Hard surfaces cleansing regime to be implemented by initial driver between change in drivers. Anti-bacterial cleaning kit to be kept in boat's locker. Hard surfaces cleansing regime to be implemented when less than 36 hours has elapsed between use of safety boat	Cleansing by initial driver prior to handover Wearing of PPE such as gloves Cleansing by initial driver prior to use Cleansing by initial driver with any changes in crew

Item	Activities	Risk Assessments & Operating Procedures Required		
When anticipated	HM Government relaxes restrictions at Alert Level 3 (from 04/07/2020)	Risk of:	Mitigation	Actions
Temporary External Bar Facility	Selling of Bar Stock on a table outside of the Clubhouse	Controlling cross contamination and social distancing	<p>Table surfaces to be thoroughly cleansed before and after use.</p> <p>Only the OOD/Assistant serving to touch bottles and cans brought to the table & cleansed prior to serving.</p> <p>Contents to be poured into glasses</p> <p>Used glasses are then to be placed by the user in a tray/basket and washed on the 70 degree setting in the bar dishwasher</p> <p>No cash Payments</p>	<p>Only the designated OOD/Assistant to be allowed inside the Clubhouse to obtain cans or bottles</p> <p>On entry and leaving, all touch points should be wiped down, door handles, bar, etc.</p> <p>Clubhouse door should be left open.</p> <p>No use of Kitchen area for making of hot drinks or cooking/washing up/fridge access and no use of crockery, cutlery or condiments</p> <p>Glasses from the Bar to be used for bottled beer & soft drinks from cans, re-used during the day by each member and placed by user in the basket tray for re-washing afterwards in the bar dishwasher on the 70C setting</p> <p>Bar tab with subsequent online payment, or contactless payment to be implemented</p>
Over 70's – Vulnerable	Possibly (Dependent on Government advice) At members' risk	Virus contamination whilst on site	Members' choice to visit or not. Members' personal risk	Members to be vigilant
Sea Cadets	Possibly (Dependent on Government advice) At Leader's risk	Controlling cross contamination and breaches of social distancing	All SASC Protocols to be followed as outlined in this document and the SASC Risk Assessments	Sea Cadet Leaders to be advised
Training	No	Controlling cross contamination and breaches of social distancing	Keep closed/unavailable	No further action
Discover Sailing & Open Meetings	No	Controlling cross contamination and breaches of social distancing	Keep closed/unavailable	No further action
RYA Courses	No	Controlling cross contamination and breaches of social distancing	Keep closed/unavailable	No further action

Item	Activities	Risk Assessments & Operating Procedures Required		
When anticipated	HM Government relaxes restrictions at Alert Level 3 (from 04/07/2020)	Risk of:	Mitigation	Actions
Disposal of contaminated cleaning materials & paper towel waste	Cleaning & Sanitisation of Toilet facilities Cleaning & Sanitisation of Safety Boat	Controlling cross contamination	Double bag all accumulated waste and safely store in club waste container bin prior to waste collection	Mitigation controls to be observed

Revision Control

Revision	Date	Amendment
01	29.05.20	Social Meeting Assessments added Advise members in advance to bring their own folding chairs and tables. All members to maintain the maximum of groups of 6 people with appropriate social distancing (as announced by HM Government applicable from 01/06/2020)
02	08.06.20	Safety Boat Cleansing regime added Disposal of contaminated cleaning materials & paper towel waste added
03	13.06.20	Doublehanded use restrictions now redefined to include members of a nominated "Social Bubble"
04	14.06.20	Social gatherings limited to groups of 6 persons on shore. Launching/Recovery to be staggered. Risk assessment added for cleaner.
05	19.06.20	Member Access requirements for compound access eased after change in Covert Alert to Level 3 Junior Sailing allowed with additional controls
06	04.07.20	Review of all Risk Assessments due to relaxation of Social Distancing guidance and easing of other restrictions by HM Government
07	04.08.20	Review of all Risk Assessments due to further relaxation of Social Distancing guidance and easing of other restrictions by HM Government
